MEMORANDUM FOR: Director of Planning, Programming and Budgeting

SUBJECT : Directorate of Science and Technology Program
FY 1970-FY 1974

REFERENCE : Program Call FY 1970-FY 1974 dated 9 November 1967

1. Attached are the original and three copies of the Directorate of Science and Technology Program FY 1970-FY 1974 in response to referent memorandum.

2. Included for your information is the NRO Annex describing the general characteristics of programs for which the Agency has, or is expected to have, responsibility, and it includes proposed NRO funding levels. It is by no means a precise budget document because not all of the programs, or the funding levels, have been approved. It is descriptive of the nature and magnitude of our NRO programs when and if they do come to fruition and if we do have assigned responsibility.
